Honorable Commissioner:

Kindly accept this statement summarizing the telephone interview between the applicants and the examiner of April 6, 2006. This is summary of that interview as required by 37 C.F.R. §1.133 and M.P.E.P. §713.04.

SUMMARY OF INTERVIEW

A telephonic interview took place on April 6, 2006 between Clifford H. Kraft, Reg. No. 35,229, Vasilios Dossas, Reg. No. 30,745, and examiner Beaulieu of Art Unit 3661.

Generally, the independent claims, including claims 9, 17 and 21, were discussed.

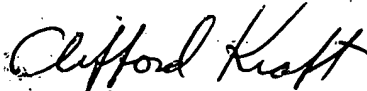

The general nature of the invention was explained as well as possible amendments to overcome current rejections under Section 102 and 103 were discussed.

The applicants pointed out that the prior art cited by the examiner in the pending rejection does not display road construction information in the vehicle.

The examiner suggested that the applicant consider the differences between claims 9 and 17 and clarify whether the road construction information was being displayed along with map information.

The applicants have filed an amendment April 10, 2006 addressing these issues.

Respectfully Submitted

Clifford H. Kraft
